

UNIQUE-C[®] 500

>> 90 CAPSULES | 0300141.090

SUPPORTS PROPER IMMUNE SYSTEM FUNCTION & COLLAGEN HEALTH*

500 MG ASCORBATE VITAMIN C & 1,000 MG BIOFLAVONOIDS

>> The **Unique-C[®]** series is designed to maximize absorption and utilization of this essential vitamin. Vitamin C in FoodScience[®]'s **Unique-C[®]** is in the buffered Ascorbate form which helps to prevent stomach irritation that is common when supplementing with plain ascorbic acid found in many over-the-counter Vitamin C supplements. These formulas also contain minerals and bioflavonoids that help synergistically increase the effectiveness of Vitamin C by up to 50%.* Available in a 500 mg Vegetarian capsule and 1000 mg Vegetarian tablet.

Vitamin C:

- ✓ Helps maintain healthy collagen*
- ✓ Helps form red blood cells*
- ✓ Provides antioxidant protection against free radicals*
- ✓ Supports the immune system*
- ✓ **Unique-C[®]** contains Vitamin C in the a buffered Ascorbate form. Ascorbate is a Vitamin C molecule with a mineral ion. All Vitamin C must link up with a mineral before it can be absorbed into the blood stream. By supplying minerals along with Vitamin C, **Unique-C[®]** supports the immediate assimilation of Vitamin C in the body.* Because **Unique-C[®]** is in the Ascorbate form and the presence of minerals help to act as natural buffers, it helps prevent stomach irritation that is common in non-buffered formulas.*
- ✓ Vitamin C or Ascorbic Acid belongs to a class of vitamins which are termed water-soluble nutrients. It is not stored in the body and should be replenished throughout the day and evening for optimal health.* As a water soluble vitamin, the body is able to excrete any unneeded levels of Vitamin C, which allows for flexible supplementation.*
- ✓ **Unique-C[®]** contains Bioflavonoids, which increase the effectiveness of Vitamin C by up to 50%.* Calcium, Magnesium, Zinc, Manganese and Potassium are included in the **Unique-C[®]** formulations. The diuretic effect accompanying higher intake of Vitamin C often depletes the body's store of vital minerals. **Unique-C[®]** provides a bioavailable source of minerals.* Pectin has also been shown to be beneficial in managing cholesterol levels within normal ranges.*

Supplement Facts

Serving Size 1 Capsule

Servings Per Container 90

Amount per Serving

% Daily Value

Vitamin C (as Ascorbic Acid and Mineral Ascorbates) 500 mg	833%
