

MEGA PROBIOTIC™ ND

>> 120 CAPSULES | 030028F.120

SUPPORTS DIGESTIVE TRACT HEALTH*

8 STRAINS

>> **Mega Probiotic™ ND** contains 8 species of microorganisms to provide a full spectrum of probiotic strains for proper digestive tract health and function.* Fructooligosaccharides (FOS) are considered a soluble fiber and a prebiotic that support the growth of beneficial microorganisms in the intestinal tract while inhibiting the growth of harmful bacteria.* The probiotics in **Mega Probiotic™ ND** also support healthy colon cell growth, immune function, and optimize intestinal motility.*

- ✓ **Mega Probiotic-ND™** is a non-dairy probiotic formulation produced from an all-natural source of beneficial microorganisms and FOS to support digestive tract health.*
- ✓ 8 different strains from non-dairy sources!
- ✓ Recommended for children, adults and seniors.

Recommended For:

- ✓ Gastrointestinal and neurological support*
- ✓ Individuals who are lactose intolerant*
- ✓ Normalizing digestion*
- ✓ Supporting regularity*

About the Formula

- ✓ **Lactobacilli** (*L. acidophilus*, *L. rhamnosus*, *L. casei*) are located in the small intestine and produce lactic acid. Many strains of bacteria from the *Lactobacillus* family have been shown to promote regularity, support urogenital and vaginal health as well as produce the lactase enzyme and protect the gut lining from unwanted materials.*
- ✓ **Bifidobacteria** (*B. lactis*, *B. breve*, *B. longum*, *B. bifidum*) are located in the colon and produce lactic and acetic acids, making the gut a very inhospitable place for unwanted materials. Bifidobacteria have been shown to promote regularity, even while traveling abroad.*
- ✓ **Streptococcus thermophilus** is also a lactic acid producer which lines the gut wall to provide a barrier from unwanted materials, promotes regularity and produces the lactase enzyme.*
- ✓ **Fructooligosaccharides** (FOS) are considered a soluble fiber and pre-biotic, which supports the growth of beneficial microorganisms in the intestinal tract.* FOS, as a fiber, increases the bulk in the gut to promote regularity.*

Supplement Facts

Serving Size 3 Capsules

Amount per Serving

Stabilized Nondairy Probiotic Complex 185.65 mg
(15 billion CFU)

Fructooligosaccharides (FOS), Lactobacillus acidophilus, Bifidobacterium lactis, Lactobacillus casei, Streptococcus thermophilus, Bifidobacterium breve, Lactobacillus rhamnosus, Bifidobacterium longum, Bifidobacterium bifidum
