

## SUPERIOR NAC<sup>™</sup>

>> 90 CAPSULES | 0300290.090

## SUPPORTS PROPER IMMUNE SYSTEM FUNCTION & LUNG HEALTH\*

### 500 MG PER CAPSULE

- ✓ An amino acid supplement to support immune system function and lung health.
- ✓ N-Acetyl Cysteine (NAC) is a non-essential, free form amino acid that is a highly stable form of cysteine.\*
- ✓ NAC has free radical scavenging properties and is necessary for the production of glutathione.\*
- ✓ Glutathione helps the body cope with oxidative stress, which is associated with compromised health, and improves the number and activity of immune cells within the body.\*
- ✓ The free radical neutralizing properties of NAC might also help support healthy pulmonary and cardiac function.\*
- ✓ NAC helps to support healthy lung tissue and the body's natural defenses including cellular health.\*
- ✓ NAC helps to break down mucus in the respiratory tract, assists with the rebuilding of lung tissue, and helps support the activation of immune cells to support the immunity.\*
- ✓ NAC seems to be able to help clear mucus from the body as a result of several different mechanisms.\* NAC ruptures mucus disulfide bonds which reduces mucus viscosity, and it stimulates clearance of mucus from the respiratory tract.\* NAC also appears to help maintain inflammatory processes within normal ranges.\*

### Supplement Facts

**Serving Size 1 Capsule**  
**Serving Per Container 90**  
**Amount per Serving**  
N-Acetyl Cysteine 500 mg

**% Daily Value**

\*

\*Daily Value not established.
