

## SEA MUSSEL™ PLUS

>> 180 TABLETS | 0300365.180

### SUPPORTS PROPER JOINT & CONNECTIVE TISSUE FUNCTIONS & COMFORT\*

#### PERNA MUSSEL & GLUCOSAMINE MSM

>> **Sea Mussel™ Plus** is a combination of pure, freeze-dried Green-Lipped Mussel (*Perna canaliculus*) from New Zealand. Perna is a potent source of amino acids, protein, naturally chelated minerals and glycosaminoglycans (GAGs) including Chondroitin -4- and -6-Sulfates.\* **Sea Mussel™ Plus** supports the health, comfort, flexibility and hydration of synovial fluid and connective tissues including joints, ligaments, tendons, cartilage and intervertebral discs.\*

**Sea Mussel™ Plus** is an advanced joint and connective tissue formula that can be used as an alternative or in conjunction with other joint health programs.\* It combines the powerful benefits of Perna, Glucosamine, Methylsulfonylmethane (MSM), Dimethylglycine (DMG) and Manganese for a quicker response than would be seen if any nutrient was taken singularly.

#### About the Nutrients

- ✓ **Perna canaliculus** is an edible species of shellfish indigenously found off the pristine shores of New Zealand. It is a potent source of amino acids, polypeptides, naturally chelated minerals, fatty acids, vitamins and all classes of glycosaminoglycans including chondroitin sulfates and hyaluronic acid that occur in connective tissues such as joint cartilage, tendons, ligaments and synovial fluid. The naturally-occurring components in Perna support joint lubrication and flexibility, reduce joint discomfort and improve range of motion.\*
- ✓ **Glucosamine** is a fast-acting nutritional building block for connective tissue. It is necessary for the production of hyaluronic acid and chondroitin sulfates which support joint comfort and mobility.\*
- ✓ **MSM** is a source of organic sulfur, which the body needs in abundance for making collagen. It has been used historically to support joint comfort and improved circulation.\*
- ✓ **DMG** is a patented versatile metabolic enhancer.\* It supports joint health through immune system modulation, better circulation, oxygen utilization and cellular protection.\* FoodScience® has been awarded 3 U.S. Patents on DMG and the immune response, including a recent study done by Dr. John Lawson at Clemson University on the joint supporting properties of DMG.

- ✓ **Manganese** is an essential mineral necessary for the production of collagen, proteoglycans and glycosaminoglycans in the joints.\*

Made with Non-GMO ingredients

#### Supplement Facts

**Serving Size 2 Tablets**

**Servings Per Container 90**

**Amount per Serving**

	<b>% Daily Value</b>
Manganese (Mn. Amino Acid Chelate) 10 mg	500%
<i>Perna canaliculus</i> (Green-Lipped Mussel) 1,000 mg	*
Glucosamine Sulfate (from Shrimp and Crab) 600 mg	*
Methylsulfonylmethane 400 mg	*
N,N-Dimethylglycine HCl (DMG) 200 mg	*

\*Daily Value not established.

Other ingredients: microcrystalline cellulose, stearic acid, vegetable stearate, sodium carboxymethylcellulose, silicon dioxide, cinnamon (*Cinnamomum cassia*) oil, polyethylene glycol, methylcellulose, titanium dioxide.

**Contains: Crustacean shellfish (Shrimp & Crab) and soy.**

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.

**Suggested Use:** As a dietary supplement, take 2 tablets, 3 times daily with food for 2 to 4 weeks, then reduce to 2 tablets once or twice daily with food.
