

## LIBIDO♂™

» 90 CAPSULES | 0300435.090

### SUPPORTS HEALTHY SEXUAL DRIVE, PLEASURE & FUNCTION IN MEN\* COMPREHENSIVE HERBAL BLEND

» **Libido♂™** is designed to address those factors that may contribute to sexual challenges in men such as energy level, hormone balance, circulation, and nervous system function.\* It provides a full complement of natural herbs with our patented DMG to help revitalize sexual arousal, satisfaction and drive.\*

✓ Research indicates that approximately 31% of men experience physiological sexual challenges at some point in their lives.

#### Libido♂™ Supports:

- ✓ Alertness and Sexual Motivation\*
- ✓ Energy Levels\*
- ✓ Hormone Balance\*
- ✓ Circulation and Oxygen Utilization\*
- ✓ Nervous System Function\*

#### Sexual Motivation - Aphrodisiacs

✓ Horny Goat Weed, Catuaba, Maca, Ashwagandha, *Muira puama*, Damiana, Tongkat ali, *Tribulus terrestris* and *Rhodiola rosea* are well-known aphrodisiacs that support sexual excitement, sexual mood enhancement, sexual response, heightened sensitivity, sexual desire, arousal, passion and help inspire intimacy.\*

#### Stress Management & Mood Balance

✓ DMG, Ashwagandha, Maca, *Muira puama* and *Rhodiola rosea* are adaptogens that help the body cope with stress.\* DMG, Horny Goat Weed, Catuaba, Maca, *Rhodiola rosea*, *Muira puama* and Tongkat ali support balanced mood, focus and concentration.\*

#### Hormone Balance

✓ DMG, Horny Goat Weed, Maca, *Muira puama*, *Tribulus terrestris*, Damiana and Tongkat ali support balance of key hormones and neurotransmitters involved with sexual arousal.\*

#### Endurance, Stamina and Energy Production

✓ DMG, Horny Goat Weed, Catuaba, Maca, *Muira puama*, *Tribulus terrestris*, *Rhodiola rosea*, Cnidium and Tongkat ali aid sexual performance by supporting energy production, endurance, and physical and mental stamina.\* Together they support sexual energy to maximize sexual experience.\*

#### Nervous System Support

✓ DMG, Horny Goat Weed, Catuaba, *Muira puama*, Cnidium and Damiana support nervous system function, stimulate sensory nerves, muscle control and blood flow to optimize sensitivity, maximize pleasure, improved quality of erection in men and support satisfaction from tactile stimulation.\*

#### SOME CHANGES YOU MAY NOTICE:

- ✓ Some men might notice harder, longer-lasting erections, a stronger libido, enhanced endurance and stamina, more pleasure during physical intimacy and a more powerful orgasm.\*
- ✓ Some people may notice these changes within a few hours while for others it may take up to three days. Those with a very low libido and sexual function may need one or two weeks before experiencing results.
