

SUPERIOR CARTILAGE™

SUPPORTS HEALTHY CONNECTIVE TISSUE & JOINT FUNCTIONS*

A NATURAL SOURCE OF BIOLOGICALLY ACTIVE CHONDROITIN -4- & -6- SULFATES

- » *MADE WITH NON-GMO INGREDIENTS
- » GLUTEN FREE

Superior Cartilage™ is a glycosaminoglycan preparation from bovine tracheal cartilage. It provides the biologically active and highly joint-supportive Chondroitin -4- and -6- Sulfates at approximately 165 mg per capsule.*

Superior Cartilage™ is Recommended For:

- ✓ Joint Comfort*
- ✓ Joint Hydration*
- ✓ Joint Flexibility*
- ✓ Connective Tissue Health*
- ✓ Skin Health*

Superior Cartilage™:

- ✓ Contains biologically active Chondroitin -4- and -6- Sulfates.
- ✓ Provides building blocks that help maintain structural integrity, flexibility and resiliency of connective tissues.*
- ✓ Contains nutrients that are naturally found in connective tissues like cartilage, tendons, ligaments, intervertebral discs, collagen, bone matrix, mucous membranes and the skin.*
- ✓ Is an easy-to-swallow capsule.

Connective Tissue and Cardiovascular Support*:

- ✓ **Bovine Tracheal Cartilage** is a source of glycosaminoglycans (GAGs) including Chondroitin -4- and -6- Sulfates.*
- ✓ **GAGs** are the principal components of cartilage and synovial fluid found in joints and make up connective tissues like collagen, tendons, ligaments, and vascular walls.*
- ✓ **Chondroitin -4- and -6- Sulfates** support connective tissue function by providing building blocks for the repair and synthesis of connective tissue.*

Skin Health Support*:

- ✓ **Chondroitin -4- and -6- sulfates** support skin health by increasing the hydration and softening of the skin.*

Joint Comfort, Hydration and Flexibility*:

- ✓ **Chondroitin -4- and -6- Sulfates** aid in lubricating joint cartilage.*
- ✓ **Chondroitin Sulfates** (2 classes of GAGs) make up the matrix of connective tissue and are principle components of cartilage and the synovial fluid found in joints. They help hold together cartilage, tendons and ligaments.* Their principle function is to provide lubrication and shock absorption.* Research indicates that through aging, stress, or by over-exertion, glycosaminoglycans are broken down and can become displaced.

Supplement Facts

Serving Size 2 Capsules

Amount per Serving

Bovine Tracheal Cartilage	1000 mg
Papain	30 mg

Other ingredients: gelatin, vegetarian leucine.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

Suggested Use: As a dietary supplement, take 2 capsules with each meal.
