

## SUPERIOR D3™

### SUPPORTS HEALTHY TEETH & BONES\*

#### LIQUID 10,000 IU

» **Superior D3™** in the liquid form is a dietary supplement to promote the body's absorption of calcium and phosphorous, which are essential for the development and maintenance of healthy teeth and bones.\* New research suggests that it may support immune system function by supporting healthy cell growth.\*

#### Supports:

- ✓ Bone Health\*
- ✓ Calcium Balance\*
- ✓ Cardiovascular Function\*
- ✓ Healthy Cell Growth\*
- ✓ Immune System Modulation\*

#### About Vitamin D:

- ✓ Vitamin D is a fat-soluble vitamin that is essential for maintaining normal calcium metabolism. Vitamin D3 (cholecalciferol) can be synthesized by humans in the skin upon exposure to ultraviolet-B (UVB) radiation from sunlight, or it can be obtained from the diet.

#### Calcium Balance\*:

- ✓ Maintenance of serum calcium levels within a normal range is vital for normal functioning of the nervous system, as well as for bone growth, and maintenance of bone density. Vitamin D is essential for the efficient utilization of calcium by the body.

#### Cardiovascular Support\*:

- ✓ Adequate vitamin D levels may be important for maintaining blood pressure within normal ranges.\* Vitamin D also impacts heart health by supporting the body's natural cytokine production and vascular function\*

#### Cell Differentiation\*:

- ✓ Cellular proliferation is essential for growth and wound healing. Uncontrolled proliferation of damaged cells is unhealthy. Vitamin D inhibits uncontrolled proliferation and stimulates differentiation, which is the process of specializing cells for specific healthy functions.\*

#### Immune Support\*:

- ✓ Vitamin D is an immune system modulator which supports healthy T Cell and macrophage responses.\*

#### Supplement Facts

**Serving Size 1 ml (5 sprays)**

**Servings Per Container 30**

Amount per Serving	% Daily Value
Calories 10	Calories from Fat 10
Total Fat	1 g 2%†
Vitamin D3 (Cholecalciferol) 10,000 IU	2,500%

†Percent Daily Values are based on a 2,000-calorie diet. Your daily values may be higher or lower depending on your calorie needs.
